

# Vario - Easylift Changing Table Wall Mounted

The Vario Easylift is an electrically height adjustable wall mounted changing table for use in schools and homes. It is supplied with an easy to use handset to adjust the table height.

The height is adjustable from 30-100cm using a hand control.

When the changing table is not in use, the table top is folded up in a vertical position, so that it takes up very little space in the room. Tabletop movement is slowed down when folding up and down.

It is possible to buy mattresses for the table which provides added comfort and safety. The mattress has a clean surface, making it easy to clean after use.
